Dear Parents,

Consent for visits

During the year we try and include different visits and trips to enhance and extend the children's learning. Such visits may include:

- Sporting competitions at other local schools
- Museum visits
- Music events at other local schools

Organising such events and trips takes time and effort. To help reduce the burden of gaining consent each time we plan a visit we would like to gain that consent at the start of the year. This means that you consent to any trips that are organised. We will, of course, inform you when the trip is due to take place and make arrangements for collection of monies (via sQuid) or ordering of packed lunches. At that point you will have the option of withdrawing your child from the visit.

Our charging policy states that "we may, from time-to-time, ask for voluntary contributions towards the benefit of the school or school activities". However, if enough monies are not received to pay for the trip to go ahead, it may have to be cancelled. This would, of course, be a last resort and we would try and resolve any financial concerns swiftly and amicably.

Please would you return the attached slip that provides your consent for any trips for the remainder of the year (until 17th July 2020). Such consent will normally be renewed annually, in September.

Yours sincerely,

Nicola Brayford
Headteacher

I give consent for my child, _____, to attend visits and trips organised by the school for the year until 17th July 2020. I understand that I will be informed of visits before they take place.

Signed: _____
